# The recycling game

## You will need:

Hula hoops/bins

6 signs stating the types of waste (with or without a picture)

One of the following items (or an image) per team: plastic bottle, cardboard or paper, clothing, metal, wood, food

Teams of at least 6 children

.....

## The Game:

Set up the hula hoops/bins around the hall/ground with sign identifying them as being for different waste types and divide the children into teams of at least 6 children (at least one item per child).

Once the children are lined up in teams, they must go one at a time to put the right material in the right hoop/bin.

The fastest team to clear the pile wins.

.....

## Extension:

The teams must only walk/skip etc

Get them to come up with team names/songs
